SUMMARY

Enthusiastic Data Analytics graduate with strong skills in SQL, Excel, Power BI, and data visualization. Completed academic projects analyzing datasets and creating dashboards that improved understanding of trends and patterns. Eager to apply analytical skills and a problem-solving mindset to support data-driven decision-making in a professional setting.

TECHNICAL SKILLS

Data Analysis & Visualization : Excel, Power BI

Databases & Querying : SQL

Data Handling : Data cleaning, transformation, and reporting

SOFT SKILLS

• Teamwork • Adaptability • Time Management

PROJECTS

Superstore Power BI Dashboard

Excel, Power BI

- Developed an interactive Power BI dashboard using the Superstore dataset to analyze sales, profit, and customer trends.
- Designed data models, DAX measures, and visual reports for regional performance, forecasting, and customer insights.
- Delivered actionable business insights to identify growth opportunities and improve profitability across categories and regions.
