SUMMARY

UI/UX Designer with a strong foundation in user-centered design, wireframing, prototyping, and responsive design. Skilled in Figma, HTML, CSS, and JavaScript, with experience designing intuitive interfaces and improving user experience across web and desktop platforms. Passionate about creating clean, accessible, and visually appealing digital products.

SKILLS

Design & Prototyping Tools: Figma

UI/UX Skills: Responsive Design, Wireframing

Technical Knowledge: HTML, CSS, JavaScript

SOFT SKILLS

• Teamwork • Adaptability • Time Management

PROJECTS

Blood Bank App

- Designed a desktop-first Figma prototype with role-based interfaces for donors, recipients, and hospitals.
- Created user flows for blood requests, donor registration, and availability tracking.
- Focused on clean UI, accessibility, and streamlined emergency response navigation.
- **Figma link**

Agritech for Financial and Market Optimization

- Designed a desktop-first Figma prototype for farmer-to-farmer trading, market listing, expert consultations, and financial support.
- Created role-based interfaces for farmers, buyers, and agri-consultants with intuitive navigation and smart content filters.
- Focused on usability, responsive layout, and clean design to enhance user interaction and accessibility.
- **Figma link**
